- 5 "One : You will be able to do many great things, but only if you allow yourself to be held in Someone's hand".

"Two : You will experience a painful sharpening from time to time, but you'll need it to become a better pencil".

"Three : You will be able to correct any mistakes you might make".

- 10 "Four : The most important part of you will always be what's inside".

"And Five : On every surface you are used on, you must leave your mark. No matter what the condition is, you must continue to write".

The pencil understood and promised to remember, and went into the box with a purpose in its heart.

- 15 Now replace yourself with the pencil. Always remember those five things, and you will become the best person you can be.

One : You will be able to do many great things, but only if you allow yourself to be held in God's hand and allow other human beings to access you for the many gifts you possess.

20 Two : You will experience a painful sharpening from time to time by going through various problems in life, but you'll need it to become a stronger person.

Three : You will be able to correct any mistake you might make.

Four : The most important part of you will always be what's inside.

And Five : On every surface you walk through, you must leave your mark. No matter what the situation is, you must continue doing your duties.

Where can a man buy a cap for his knee?
Or a key for the lock of his hair?
And can his eyes be called a school?

What jewels are found in the crown of his head,
And who walks on the bridge of his nose?
Can he use, in building the roof of his mouth,
The nails on the ends of his toes?
Can the crook of his elbow be sent to jail.
If it can, well then, what did it do?
And how does he sharpen his shoulder blades?
I'll be hanged if I know - do you?
