Q.1 Read the passage carefully and answer the questions that follow:

5×1=5

Long ago Robert Bruce was the King of Scotland. The English defeated him in a battle and drove him out of his country. He tried to win his kingdom back from the English. He attacked them six times, but he was defeated every time. He was forced to go into the forests and live there.

One day he was sitting inside a cave all alone. He was very unhappy. He had lost all hope of winning his kingdom back from the English. He was staring at the wall in front of him. There he saw a spider trying to climb up the wall. The spider climbed up some distance and then fell to the ground. Every time it fell down, it started climbing again and again and did not lose heart. At last after trying many times the spider reached the top. This taught Robert Bruce a good lesson. Within a short time he gathered an army and attacked the English. This time he defeated them and got his kingdom back.
