

INDIAN SPACE RESEARCH ORGANISATION [HEADQUARTERS]

WRITTEN TEST FOR RECRUITMENT TO THE POST OF ACCOUNTS OFFICER

Test Booklet:

Α

Date: 25.3.2007

Time: 1000 hrs to 1230 hrs.

No. of questions

Part- A: Arithmetic, Test of Reasoning etc. (Objective type)

36

Part- B: English Grammar

32

Part-C : Area

36

Part-D : Descriptive type

02

<u>INSTRUCTIONS</u>

- 1. The question paper is in the form of test booklet.
- 2. A separate OMR answer sheet is provided to all candidates for answering Part-A, Part-B and Part-C.
- 3. A separate answer booklet is provided to all candidates for answering Part-D (Descriptive type). Answer to be written by pen only.
- 4. Each objective question is provided with a text and figures wherever applicable with multiple answers a), b), c) and d), which includes one correct answer.
- 5. Refer answer sheet instructions and use *HB pencil* for answering all the questions.
- 6. All questions, except Part-D, carry equal marks.
- 7. Multiple answers for a question will be regarded as wrong answer.
- 8. Although the test stresses on accuracy more than speed, it is important for you to use your time as effectively as possible.
- 9. Do not waste time on questions which are too difficult for you. Go on to other questions and come back to the difficult ones later.
- 10. Enter your name and roll number correctly on the OMR answer sheet.
- 11. Enter all information as per the instructions given in the answer sheet.
- 12. Space available in the Question booklet could be used for rough work, if required and no separate sheet will be provided.
- 13. At the end of the test (1) Written test Call Letter with photograph (2) OMR Answer Sheet and (3) Descriptive Answer sheet and (4) Test Booklet shall be returned to the Invigilator.

31. Which of the following gives the proper relation of Tall men, Black haired people, Indians?

32. In the following diagram, the square represents girls, the circle tall persons, the triangle is for tennis players and the rectangle stands for the swimmers.

On the basis of the above diagram, answer the following question.

Which letter represents tall girls who are swimmers but don't play tennis?

(a)

C

(b)

.

G

(c)

(d) H

D

33. The Following question consists five figures marked 1,2,3,4 and 5 called the problem figures followed by four other figures marked a, b, c, d called the answer figures. Select the figure from amongst the answer figures which will continue the same series as established by the five problem figures:

Problem Figures

In the following question there is a set of four figures labeled 1, 2, 3, and 4 called the problem set followed by set of four other figures labeled a, b, c and d called the answer set. Figure 3 contains a Question Mark (?). Select suitable figure from the answer set which will substitute the question mark (?) so that a series is formed by the figures 1, 2, 3, and 4 taken in order. The label of the selected figure is the answer.

Problem Set

Answer Set

35. The following question consists of a set of five figures, the first of which is not labeled and makes the beginning of series continued in the successive figures labeled from a to d. However, the series will be established only if the positions of the two of the labeled figures are interchanged. The label of the earlier of the two figures is the answer.

36. The following question consists of two sets of figures 1, 2 and 3, 4 which constitute the problem set while figures a, b, c and d constitute the answer set. There is a definite relationship between figures 1 and 2. Establish a similar relationship between figure 3 and 4 by choosing a suitable figure 4 from the answer set.

Problem Set

Answer Set

81.Use the following for this question. Transactions for raw materials during a period are given below:

Date		Receipts quantity	Price Rs.	Issues quantity
2, 005 Jan.1	Opening Balance	1, 500	1.50	
Jan.12		2, 000	1.525	
Jan.15				1, 100
Jan.18		·		800

Following FIFO method, the value of issue on January 18 is :

a. Rs.1,200

b. Rs.1,210

c. Rs.1,220

- d. none of the above
- 82. At the start of the quarter there were 14,630/- workers. 750 employees left during the quarter while 600 joined the organization during the same period. Using the flux method, the labour turnover was:
 - a. 5.13%

b. 9.23%

c. 9.32%

- d. 9.28%
- 83. Gotham City Council is considering the purchase of wheel clamping equipment. The equipment will cost Rs.1,00,000 and will last for three years. It will have no scrap value. It is expected to generate Rs.50,000 a year in Years 1 and 2, and Rs.40,000 in Year 3.

 What is the Net present Value of the investment?

Use PV factors of 0.91 for Year 1, 0.83 for Year 2, and 0.75 for Year 3.

- a. Rs.1,17,000
- b. Rs.40,000

c. 40%

- d. Rs.17,000
- 84. The following is an extract of the financial statements of Delta public limited company for 2003:

 Rs. in thousands

	Rs. II
Accruals	80
Closing stock	610
Creditors	260
Debentures	410
Debtors	362
Opening stock	520
Return outwards	60

What is the current asset ratio?

a. 1.54:1

b. 2.86:1

c. 3.06:1

d. 1.68:1

85.	The net present value (NPV) model can be used to evaluate and rank two or more proposed projects. The approach that computes the total impact on cash flows for each option and then converts these total cash flows to their present values is called the
	 a. differential approach b. incremental approach c. contribution approach d. total project approach
86.	There are several capital budgeting decision models that do not use discounted cash flows. What is the name of the simple technique that calculates the total time it will take to recover, using cash inflows from operations, the amount of cash invested in a project?
	 a. Recovery period b. Payback model c. External rate of return d. Accounting rate of return
87.	Suppose CopyMaster purchased a block of shares in its own company from the stock market. CopyMaster plans to hold this stock and distribute it at year-end as bonuses for some key managers. This stock is called and is reported with the on CopyMaster's balance sheet.
	 a. investments, assets b. treasury stock, equities c. marketable securities, assets d. stock dividends payable, liabilities
88.	Recording of a financial transaction can be done in which of the following books:
	a. journal b. cash book c. purchase book d. any of the above
89.	When error is counter-balanced by another error in such a way that it is not disclosed by trial balance, it is :
	 a. error of principle b. error of omission c. error of commission d. compensating error

a. Inspection b. Observation c. Accounting statistics d. Computation 91. The most important objective of internal audit is a. early detection of errors and frauds b. facilitate final audit c. early finalization of annual accounts d. ensure systematic accounting 92. A company auditor on being an individual cannot be an auditor of more than the following number of companies at one time: a. 2 b. 5 c. 10 d. 20 93. For which purpose can the premium received on shares not be used? a. For writing off the discount on company's debentures b. For writing off the preliminary expenses of the company c. For distributing dividend d. For providing for the premium payable on the redemption of preference shares. 94. While declaring 'Interim Dividend' which of the following should not be considered? a. Proper valuation of assets and liabilities b. Adequacy of contingencies for future losses c. Dividend policies followed in past and rate of interim dividend paid in past. d. To set off past losses 95. Marginal product is a. the produce when all factors of production are employed at optimum efficiency. b. annual output of the most efficient firm c. the extra output obtained from employing an additional unit of a factor. d. what is left to the entrepreneur after he has met all the expenses 96. When the output produced is maximum for the given level of inputs the firms achieve a. technical efficiency b. technological efficiency c. technical inefficiency d. maximum profit	90.	-wnici	of the following is n	ot-a-iii	- CIIOU	.01 01	Jianning '	or addition	14011001

Question Booklet for Accounts Officer

97. Whether the costs do or do not vary with the quantity of output
produced in the short run, is the

- a. distinction between variable and direct cost
- b distinction between variable and fixed cost
- c. distinction between variable and prime cost
- d. distinction between opportunity cost and indirect cost

98. For calculation of Income Tax, which one of the following does not include

- a. Retirement Gratuity
- b. Pension
- c. Reimbursement of Tuition fee
- d. Value of rent free quarters

99. Which one of the following is not a Contract:

- a. An agreement to sell a car
- b. An agreement of Lease
- c. An agreement to marry 'X'
- d. An agreement of hire purchase

100. The instruments such as (a) airway bill, (b) bank note, (c) letter of credit, (d) lorry receipts, (e) demand draft are taken as negotiable instrument. Which of these is correct?

- a. a, b, c, d
- b. a, c, d, e
- c. c, d, e, b
- d. e only

101. A company absorbs overheads, on machine hours which were budgeted at 11,250 with overheads of Rs.2,58,750. Actual results were 10,980 hours with overheads of Rs.2,54,692. Overheads were:

- a. underabsorbed by Rs.2,152
- b. overabsorbed by Rs.4,058
- c. underabsorbed by Rs.4,058
- d. overabsorbed by Rs.2,152

102. The system of product costing that allocates costs to products that are readily identifiable by individual units or batches is referred to as

- a. job costing
- b. process costing
- c. activity-based-costing (ABC)
- d. flexible costing

- 103. Cash inflows and outflows related to selling and purchasing fixed assets or stocks in other companies are reported in which section of the cash flows statement?
 - a. Financing
 - b. Operating
 - c. Investing
 - d. These cash flows are not reported on the cash flows statement; instead, they are reported on the balance sheet.
- 104. A business's telephone bill should be classified into which one of these categories?
 - a. Fixed cost
 - b. Stepped fixed cost
 - c. Semi-variable cost
 - d. Variable cost

PART D

- I. Write an essay on any one of the topics in not exceeding 800 words :-
 - 1. Atrocities against women in India are being effectively tackled by the Government of India. Do you agree or not and explain why?
 - 2. A manned mission to the Moon A reality or Myth
 - 3. Indo-US Nuclear agreement A boon or bane
 - 4. Production of India's indigenous weapons has come of age Explain
- II. In the following passage, there are blanks, each of which has been numbered. These numbers are printed below the passage and against each, three or four words are suggested, one of which fits the blank appropriately. Find out the appropriate word.

Some scholars were exploring the forests of Middle America. They discovered, during their exploration some buildings which were in ruins. These buildings were (1).....ruined by the encroaching forest. It was also clear that these buildings were no ordinary structures. They were remnants of a (2).....civilisation. The scholars got interested. They excavated more and discovered (3).....their utmost surprise the remains of a flourishing civilisation - the Mayan's (4).....they named it. Thus, it was as late as in (5)......19th century that the secrets of a new civilisation were (6)......For some time, the scholars believed that the Mayans must have (7)......the descendants of ancient Egyptians or one of the lost tribes of Israel; or perhaps a brand of South East Asia's immigrants. However, they could not come to a unanimous decision. Nonetheless, the fact remains that even to-day the Mayan culture is one of (8).....most fascinating ancient civilisations. This civilisation was situated in the (9)......of Middle America. It covered area equivalent to France, (10).....spread across Guatemala, Belize and some parts of Mexican Honduras. It started in 2500 B.C. and continued its progress till 34 (11)......later. Throughout its period of progress, the people struggled against the invading (12)......They use to burn the plants and make the land (13)......for cultivation. Their staple food was maize. But even while (14).......for existence, they found time to build remarkable buildings for (15).....they used mortar, sandstone and volcanic rock. The buildings do tell us about the technological advances they had attained.
